**Subject:- National Mass De-worming Program & Weekly Iron and Folic Acid Supplementation
Classes Nursery-XII**

SPS/109/2024

26th April, 2024

Dear Parent

Intestinal worms are a major health concern amongst young children. To eradicate this problem, National De-worming Program for the year 2024 has been scheduled by Directorate of Education. The school supports the initiative to promote De-worming practice amongst school children. De-worming should be a regular process undertaken by parents. Hence, you are requested to ensure that your ward is given the De-Worming medicine under medical supervision.

With regards to implementation of the School Health Scheme, Weekly Iron and Folic Acid Supplementation (WIFS) Program is also launched to meet the challenges of high prevalence and incidence of anaemia amongst adolescents. Ensure that your child takes one Iron and Folic Acid tablet every week.

Parents may collect the De-Worming medicine from the medical room according to the following schedule-

S.No.	Date	Time
1.	27/04/24	8:30 a.m. to 9:30 a.m.
2.	29/04/24	2:00 p.m. to 2:30 p.m.
3.	30/04/24	2:00 p.m. to 2:30 p.m.

Regards

Priyanka Barara

Principal
