Subject:- Structured Assessment for Analysing Learning (SAFAL) 2024-25 Classes VI & IX

SPS/309 /2024

12th July, 2024

Dear Parent

This is to inform you about the upcoming Structured Assessment For Analyzing Learning (SAFAL) to be conducted by CBSE. Our School has registered for this assessment. **Students of classes VI and IX of the current session who cleared classes V and VIII respectively in March 2024** will be appearing for this.

SAFAL evaluates students' understanding of core concepts, helping them identify their strengths and weaknesses in subjects like English, Mathematics, and Science.

The focus on higher-order thinking skills promotes critical thinking and problem-solving abilities, essential for academic success.

Participating in SAFAL will help students get accustomed to standardized testing formats, preparing them for future assessments and competitive exams.

The SAFAL exam will be conducted in three subjects: English, Mathematics, and Science. Please refer to the Holiday Homework and the Google Forms questions provided earlier in the above mentioned subjects, as they were designed keeping in mind the assessment pattern.

CBSE will also be holding a trial assessment for class VI only, for Mathematics on 19th of July 2024. This trial assessment is designed to help students prepare effectively for SAFAL.

The dates for final SAFAL for classes VI and IX will be shared shortly.

It is crucial for students to practice according to the SAFAL pattern.

To ensure our students excel in this assessment the school will be providing classes in both online and offline modes. These additional classes aim to give students the necessary support and guidance.

For more details about SAFAL and to stay updated with the latest information, please visit the official website at https://cbseacademic.nic.in/web_material/Manuals/Safal_handbook.pdf

We urge all parents to ensure their children attend both online and offline classes to be well-prepared for this trial assessment and the forthcoming SAFAL.

Regards
