Dear Parent

Greetings!

You will be glad to know that we have taken another leap of integrating education with technology by implementing new school ERP “Edunext”. The ERP implementation also includes the Edunext Parent Mobile App with multiple features and information. This measure will keep you duly informed in real time about the progress of your ward in every relevant aspect. **The Edunext Parent App will keep you updated about the attendance and performance of your child, Circulars, daily Homework, upcoming events, calendar and activities etc.**

You will also be able to track the live location of school bus using the Edunext Parent App.

In the next few weeks online fee payment through Edunext Parent App will also be enabled for which we will send you the Notification.

The use of previous mobile app QS-Net is discontinued which you may please uninstall from your devices.

Looking forward to a positive response and more informed and effective communication.

In case you find any difficulty in logging-in or browsing, kindly contact through email or call the Edunext support executive at:
