“Recently, I got an opportunity to be a part of and witness the event presented by the students of Class XI on the theme, "Udaan- Towards New Horizons". I must admit that I was awestruck by one performance after the other, perfected with polished skills and synchronized with the overall theme. From music to dance to nukkad-natak and the final culmination with the exhibition on various themes, everything was done with finesse and was indeed commendable. The students' performance reflected the hard work put in by the teachers, who are shaping these brilliant minds to go beyond their limits and to explore their talents along with academics. This is a great initiative started by Principal Ma'am and Director Sir, as it strengthened the-bond between the School Management and the parents. Inviting the alumni of the school as the Chief Guest further encourages students to do better so that they could come back to their alma mater passing the baton of rich experiences and countless success stories to the young Salwanians.”

"Salwan public school provided us an opportunity to experience their schooling and to get a glance into Delhi's beautiful culture. I'm beyond grateful for all the memories I got from there.

It is appreciable how the whole campus is green and plastic free. All the classes and extracurricular activities provided for us were awe-inspiring. The hospitality was outstanding and I would like to thank all the caring and passionate teachers and students who helped to make this whole exchange program memorable.

This whole trip made me realize that Delhi is indeed a small India. "

I am proud to be one for the first ambassadors of Good Shepherd Public School to visit salwan. This exchange program had opened us a great doorway to learn and experience things beyond our knowledge. It's remarkable that the school gives equal importance to both academics and Co-curricular activities and also on the physical and mental well-being of the students. Being there Salwan had given us a memorable experience for a lifetime and education for life

I was really glad to be given this great opportunity to take part in the Student Exchange Program hosted by Salwan Public School, Delhi. It was truly a wonderful experience for me, especially the hospitality they have shown us right from welcoming us on the first day to bidding our farewells on the last day. I really appreciate the efforts taken by the school to meet our daily requirements while we were there. It was not just about showing us around Delhi and visiting various places but it actually helped the sixteen of us to learn about the culture in Delhi, to broaden our minds and nonetheless it helped us to find out the true meaning of a Student Exchange Program.

The student exchange program 2022 held in the month of december was wonderful yet informative opportunity to examine and understand the different culture and teaching styles of a different school. I am more than grateful to the administration of both the schools for making this happen and providing me with an opportunity to become a part in it. I had one of the best times coming to Salwan Public school and interacting with the councils of all the 3 campuses and other students. Really admire the lush green campus and the school & emphasis on sports and arts. Being a musician myself i really have to appreciate the Salwan schools for providing the resources and training for the students to improve and pursue their musical talents. The statue of the Sarasvati Devi in tronica city and the peaceful atmosphere to practice music and the arts club of Salwan public school Gurugram aswell as the school choir of Rajendra Nagar were all enough to convince me about the schools emphasis on music.

From the bottom of my heart i would like to thank my Salwanian friends and teachers for making this exchange program one of my precious memories.
