Subject:- National Mass De-worming Program Supplementation Classes Nursery-XII

SPS/563 /2025

27th August, 2025

Dear Parent

Intestinal worms are a major health concern amongst young children. With nearly 28% of children in Delhi affected by worm infestation, deworming remains a critical intervention to prevent anaemia and support healthy physical and cognitive development.

The school supports the initiative of Directorate of education to promote De-worming practice among the school children. De-worming should be a regular process undertaken by parents. Hence, you are requested to ensure that your ward has been given the De-Worming medicine under medical supervision.

Parents may collect the De-Worming medicine from the desk at **Gate No 2 for senior students and Gate No 6 for nursery and primary students** according to the following schedule-

S.No	Date	Time
1.	28/08/25	2:00 p.m. to 2:30 p.m.
2.	29/08/25	2:00 p.m. to 2:30 p.m.

Regards

Priyanka Barara

Principal
