- The form will accept only one response from a student. Ensure correct options have been filled before submitting it.
- Ensure that no subject gets repeated while making choices.
- The link is open till 1<sup>st</sup>, February, 2026.

### **Psychometric Assessment (Optional )**

To support students of Class X in making informed decisions regarding stream selection and future career planning, the school recommends the option of a Psychometric Assessment. This assessment helps students and parents gain a deeper understanding of the child's interests, aptitude, abilities, and personality traits, thereby enabling well-informed academic and career choices.

As part of the school's career guidance initiative, parents are hereby informed about two recommended psychometric testing options. Parents may consider either option based on their preference and convenience. Participation in these assessments is entirely voluntary.
