

**SUBJECT: Mandatory Participation in Delhi AI Grind – Government of NCT of Delhi Initiative
Classes VI-VIII**

SPS/838/2026

13 January 2026

Dear Parent

The **Delhi AI Grind**, a flagship innovation initiative of the Government of NCT of Delhi, provides students with a structured platform to identify real-life problems in their surroundings and propose creative, AI-enabled solutions. Aligned with competency-based education, it fosters critical thinking, problem-solving, creativity, ethical awareness, and reflective learning.

In view of its strong academic relevance, the school has integrated participation in the Delhi AI Grind as part of the **Science Internal Assessment**, enabling students to apply classroom learning to real-world contexts and develop essential 21st-century skills.

This activity is **MANDATORY** for all students of Classes VI–VIII.

Students are required to submit their ideas in the prescribed A3 format. A PPT and a sample A3 sheet have been shared for reference and guidance.

Important Dates

- Completion of Project: **15 January 2026**
- Final Submission Deadline: **16 January 2026**
- DoE Coverage: **19 January 2026** (A special team from the DoE, along with the Delhi AI Mascot, will visit the school to review and celebrate student innovations.)

Upon successful submission of the A3 sheet, all students will be awarded a Certificate of Participation. Shortlisted projects will earn a chance to showcase their innovation at the State Level.

To assist you, please refer to the following resources:

1. Access the Resource Kit here:
