Dear Parent

In today's evolving educational landscape, learning beyond textbooks through experiential approaches is essential for holistic development. In alignment with the vision of NEP 2020, the school is organizing the 'Green Skills and Environmental Learning Programme' for students of **Classes VI and VIII**. This hands-on initiative aims to nurture environmental awareness, curiosity, and life skills while strengthening practical scientific understanding through engaging, activity-based learning.

Details of the Projects:

Class (Project)	Details
VI (Green School Garden Initiative)	<ul style="list-style-type: none">• Develop and maintain a school kitchen garden.• Learn soil preparation, use of organic manure, sowing of seasonal vegetable/herb seeds, and basic plant care including watering and weeding.• Understand the role of nutrients, sunlight, air, and water in plant growth.• Observe and record plant growth stages in an activity journal.
VIII (Modern Plant Growing Techniques)	<ul style="list-style-type: none">• Learn the concept of growing plants without soil using nutrient-rich water (hydroponics).• Set up a simple hydroponic system, germinate seeds, and transfer seedlings to the setup.• Prepare and maintain nutrient solution and monitor plant growth.• Observe root and plant development and record findings in an activity journal.

The project will run throughout the year with active student participation under the Green Skills and Environmental Learning Programme. A **nominal amount of ₹100 per student** will cover seeds, saplings, containers, nutrient solutions, and other materials. Students should **submit ₹100 in cash to the class teacher with the consent form by 6 April 2026**.
