Subject: Visit to UnBubble Manufacturing Facility, Greater Noida
Classes XI & XII

SPS/354/ 2026-27

3rd July 2026

Dear Parent,

As part of our commitment to providing meaningful experiential learning opportunities, the school is organizing an industrial visit to **UnBubble Manufacturing Facility, Greater Noida**, for students of classes XI and XII.

UnBubble is a fast-growing material-science startup that manufactures plant-based, biodegradable alternatives to thermocol and bubble wrap using agricultural waste. This visit has been thoughtfully designed to help students understand the practical applications of science, sustainability, innovation, and entrepreneurship.

During the visit, students will have the opportunity to:

- Take a guided tour of the live manufacturing facility and observe production, moulding, quality control, and material testing processes.
- Interact with the CEO and his team to gain valuable insights.
- Participate in an engaging Design Thinking Challenge, where they will collaborate to solve a real-world sustainability problem.

Visit Timings: 7:30 a.m. to 3:00 p.m.

Participation Fee: ₹940 per student *(This is a special, exclusive fee offered only to Salwan Public School students.)*

Parents who wish to enrol their ward for this educational visit are requested to complete the registration through the Google Form using the link provided below. As the number of seats is limited, registrations will be accepted on a **first-come, first-served** basis.

The detailed itinerary and the date of the visit will be shared shortly with the registered students.

Kindly note: On the day of the visit, parents are requested to make their own arrangements to **pick up their ward from the school at 3:00 p.m.**

We encourage students to take advantage of this enriching opportunity to experience sustainable manufacturing and innovation in a real-world setting.
